## Re: BENTLEY FARMERS MARKET VOLUNTEER SCHOLARSHIP

The Bentley Farmers Market is excited to be starting the paperwork with AGLC to implement a Volunteer Scholarship for the Bentley High School. As we are aware paperwork can take some time, but we don't want the students to miss out on a great opportunity to volunteer in their community and be eligible for a nominal donation towards their education.

Our stipulations are that the student applying volunteers at the Bentley Farmers Market over the course of 3 years a minimum of 60 hours, as well as maintain a minimum of 75% in their core subjects (Math, English, Science, Social). Our donation would be eligible to two students, for \$500.00 each.

We understand that some years of high school can be harder than others, so the volunteering is not limited to set hours per year, but must have a minimum of 60 hours upon application of the funds.

Until we have the final paperwork finalized with AGLC, we are offering the donation to 2 eligible students who qualify with the above mentioned stipulations.

We look forward to working with the school and the students to make this year as well as upcoming years a rewarding one.

For any students that are interested in this opportunity, please contact [bentleymarketmanager@gmail.com](mailto:bentleymarketmanager@gmail.com) Krista Turner and Mandy Hansen are chairs of the program.

Sincerely,

Bentley Farmers Market
