

INDIGENOUS EDUCATION FUND

Apply by June 30, 2023

We are pleased to offer the MAE Indigenous Education Fund available to self-identifying Indigenous students studying full-time Science, Technology, Engineering, or Mathematics (STEM) fields at any post-secondary school in Canada. \$1000 will be awarded annually to one student based on a review of applicants. If two applicants are selected, each will receive \$500.

Download your application form from www.mccuaig.net/scholarship.html and email it along with proof of enrolment to info@mccuaig.net by June 30th, 2023. We will inform the winning recipient by July 31st, 2023.

**We wish you the best in your
STEM education!**

McCuaig & Associates Engineering (MAE) respectfully acknowledges that our head office in Vancouver is located on the unceded traditional territories of the Coast Salish peoples including the Musqueam, Tsleil-Waututh, and Squamish Nations. Our Calgary office is located on the traditional territories of the Blackfoot Confederacy (Siksika, Kainai, Piikani), the Tsuut'ina, the Îyâxe Nakoda Nations, the peoples of the Treaty 7 region in Southern Alberta, and the Métis Nation (Region 3). We honour and recognize that MAE's projects outside of these territories take place on the traditional lands of many Indigenous Nations across Western Canada. We acknowledge the rich cultures, traditions, and languages unique to each community. MAE is dedicated to ongoing learning and collaborative partnership with Indigenous communities.

Artist Bio: Hummingbird by Kari Morgan K'alaajex, artist of Nisga'a from the house of Kw'isk'ayn, European, and Métis descent. Check out more of Kari's work on their website www.karimorgan.com.
