**Playoffs**

# **1A Central Zones Volleyball**

## **November 15 and 16, 2024**

### **Welcome!**

Altario School is excited to welcome the participating teams for the 1A Boys Central Zones. Altario has not had a boys high school volleyball team for over thirty years, which only adds to how thrilled we are to have your teams, coaches, and fans travel to Altario for Zone Finals. Altario believes in open doors for all and we want you to make yourself at home in our “small school with big ambitions!”

### **Rooms**

Teams: Each team will have an assigned room that they may access during their down times. Rooms will be clearly labeled. When you arrive at the school, please ask a member of the Altario School community for the location of your room.

Parents/Supporters: We will have two rooms/lounge areas set up for parents and supporters where they can spend their downtime.

Coaches/Officials: The staff room is reserved for coaches and officials.

### **Lodging**

Many have already reached out regarding lodging ideas. We recommend Golden Prairie in Consort or the Canalta in Provost. Additionally, any team is more than welcome to stay overnight in the school. Please let us know if you would like to take advantage of this option.

### **Farm School**

Altario School has an agriculture program that includes a fully functioning farm. We are happy to tour you through this farm to see our animals and our hydroponic growing systems. Please ask anyone from the Altario School Community for a tour and they will help facilitate it.

### **Concession**

There is no restaurant in Altario, but we will have a first class concession available throughout the two days. Coaches and referees eat for free!

### **Volunteers**

If you are looking to keep yourself entertained throughout the day, we will happily accept assistance with scorekeeping and calling lines.

### **Warmup Volleyballs**

We will provide warmup volleyballs for everyone, so need to pack yours!
